HOTELS RESORTS & CAMPING

Dear Members of the Judo Community,

In June 2016 the European Judo Union together with the Croatian Judo Federation will host a Judo Festival of unprecedented proportions in the resort city of Poreč.

During the previous two years we have been testing the idea of a Judo Family Camp in sunny Antalya. We have received a great deal of positive feedback from among others, parents of young (under school age) judokas, parents who put judogi on themselves and shared with their children

the joy and hard-work of training. In addition, Judokas, the leaders of European Judo, participants of the OTC in Turkey, were also satisfied as they were provided with the opportunity to spend their free time at the seaside and on the tatami with beginners.

In Poreč 2016, apart from the camp for children and their parents and from the OTC Going for Gold, the EJU will hold a one week education and training camp for cadet and junior judokas featuring judo stars of international level, and also a veterans European judo championships, participants of which will be welcome to attend the Festival with their families.

It is my sincere hope that the EJU's staging of the event we call the Judo Festival will become a fine tradition for clubs and families across Europe.

I would like to encourage people involved in judo, from beginners to masters, to plan their vacation time, corporate team building and family weekends for the end of June 2016 and to spend it in the picturesque seaside of Poreč, as hopefully the time spent with the family and judo will become one of the best memories and accomplishments for every participant of the Festival.

Sergey Soloveychik
President
EUROPEAN JUDO UNION

It is my great pleasure to wish you a warm welcome on behalf of the Croatian Judo Federation to the first ever edition of Judo Festival in Croatia!

I believe that all those that participated last year have good memories of JudoFestival, however, this year the location has been changed, from Turkey to Croatia, to the hearth of Adriatic sea, Poreč.

The Judo Festival is promotion of all judo values and dimensions all generations, from kids to veterans.

From the comments of many visitors, we know that Poreč is an interesting tourist destination and that something new can always be discovered. I hope that you will be able to enjoy historical locations, rich gastronomic offer or just enjoy Poreč's ambiance and atmosphere of the two worlds - Central European and Mediterranean. Croatia is hosting many international sport events throughout the year and among them, such as IJF Grand Prix in Zagreb, European Cup for Seniors in Dubrovnik, European Cup for Cadets in Zagreb etc.

Therefore, I believe that Croatian Judo Federation will be able to meet all your expectations during the competition.

My special thanks goes to all partners, sponsors and to all those who have worked hard and with great enthusiasm to organize this Judo Festival event. I will also like to express my gratitude to the President of EJU, Mr. Sergey Soloveychik, for continuous support and confidence of EJU towards our Federation.

I wish all participants a memorable stay in Poreč!

Sanda CORAK
President
CROATIAN JUDO FEDERATION

The Judo Festival is a magnificent opportunity to spend time with your family and where each family member will be able to choose an activity best suited for himself whilst, at the same time remaining together in one big close-friendly Judo Family; because “Judo is more than sport!”

JUDO KIDS CAMP U8 “Judo Family”

20-30 June 2016

The core point will be – “Family and Judo” (parents and children till 8 years).

Judo training will be undertaken as a fun activity alongside other judo components. Parents will act as partners and as personal coaches.

It is desirable that parents will be on the tatami wearing judogi (whilst we appreciate that this is not always possible, we see it as desirable and we should aspire to it).

During scheduled activity hours we also propose:

- Maintaining “The diary of the participants in “Judo & Family” which will act as a record displaying the thematic section on history, the principles, judo etiquette, performance of creative tasks (drawing, applications) impressions, emotions and knowledge gained during the festival, showing growth and development every day.
- Judo history, judo etiquette, code of the judoka, (drawings, comments).
- Drawing up applications of different groups of receptions by feet, subcollar, deduction, etc.

Code of the judoka: hieroglyphs and drawings of qualities (one for every day in the form of a flower on each petal).

- Drawing up a pyramid of success.
- Drawing up the general application of all participants by the principle poch-work from works of children and parents.
- Drawings (exhibition), the games (including and desktop - judo fitness for mind) attached to judo occupations.

Judo Training Camp U15

20-30 June 2016

The training camp for young judokas where judo becomes more than a simple hobby, but more of a lifestyle – the main road. Two single trainings under the leadership of the well-known experts.

OTC

20-26 June 2016

The EJU Project “OTC. Going for Gold” was launched in 2010. The main target of the project was to help the best European athletes in their preparations toward the London Olympic Games.

Within these two years prior to the Olympics, around 273 judokas from 37 European judo federations received vital support from the EJU at 16 Olympic training camps.

The successful performance of European athletes in London has encouraged the EJU Executive Committee to continue the programme during the next Olympic cycle and to expand it to promising junior judoka – to include medallists from the European and world championships of their age group.

We believe that this programme will be successful and again lead to European athletes becoming the strongest at the Olympic Games in Rio.

The Croatian Judo Federation and Poreč City have provided the an excellent venue for this project!

Veteran European Judo Championships

23-26 June 2016

Veteran Training Camp

Europe is the strongest continent on the globe in judo. In addition, with regard to veteran judo, Europe is the benchmark. Our European Championships are amazingly strong with over 1000 participants. In 2016 the European veterans will move to Poreč, Croatia, for the European title.

This is an excellent opportunity to enjoy this high-profile event together with a Veterans Training Camp in a beautiful setting. There will undoubtedly be some fine action where old friends can meet and soak up the judo lifestyle. Stay in touch with the EJU Veterans team!

POREČ

ABOUT THE FESTIVAL `S TOWN POREČ – a city with a thousand-year history

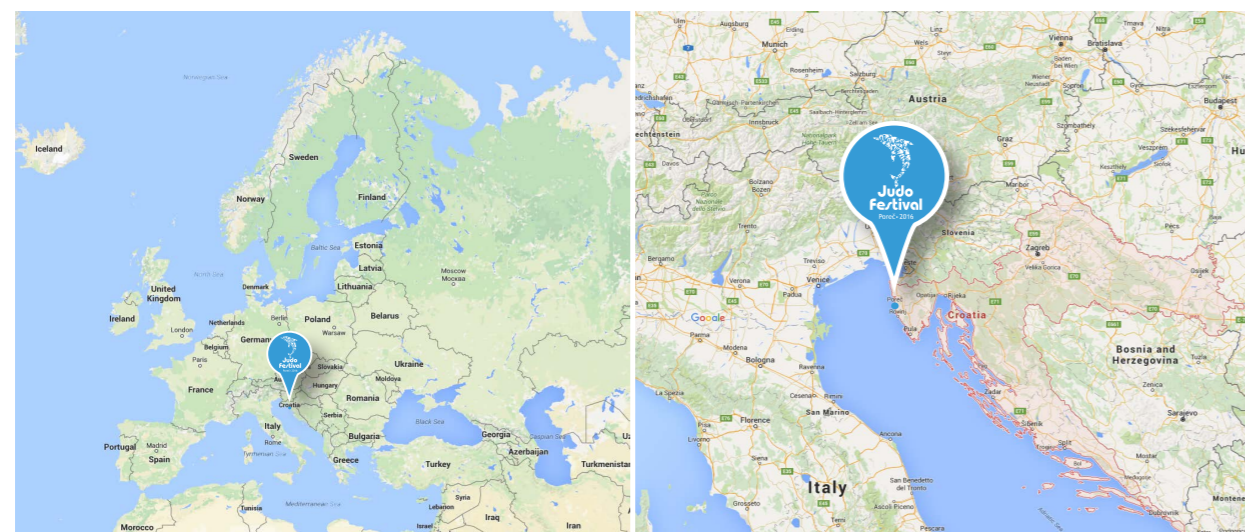

Poreč offers something for every taste - sports courts, restaurants, clubs, beautiful scenery and plentiful entertainment options for children. You'll find this and so much more in the hotels, camps and apartments of Laguna Poreč

A true gem of the Mediterranean, Poreč preserved the charm of a small coastal town, but has all the features and amenities of a tourist destination that will make your holiday interesting and pleasant. You will discover concerts of classical music and jazz, folklore festivals and street art, museums and galleries as well as countless shops and restaurants. During the tumultuous history of Poreč, the influence of different nations and cultures interweaved in this area - Istri, Romans, Ostrogoths, Franks, Slavic peoples, Venetians, Austrians... The precious cultural heritage can be noticed at every turn.

By taking a walk through Poreč you'll be passing through the same streets as the old Romans a long time ago. It was almost 2000 years ago when Poreč obtained the status of a city of the Roman Empire. Ever since the 3rd century it has been a diocese, and the town had self-government since as early as the 12th century. During the Austro-Hungarian Monarchy, in 1861 it was pronounced the seat of the Istrian parliament. Remains of the Roman sanctuary with temples, medieval fortifications, Romanesque, Gothic and Baroque palaces are well worth a visit. The Euphrasian Basilica built in the 6th century, with famous mosaics, which is protected by UNESCO holds a special place among them. Check for yourself why the Roman patricians built their luxurious villas and celebrated the beauty of life precisely in the Poreč area.

However, Poreč is much more than its rich history and cultural heritage. Today, Poreč and its surroundings are a tourist mecca and a perfect holiday destination, wherever you may stay - at a nice hotel, pleasant camping or any of the numerous comfortable apartments.

Poreč offers something for every taste - sports facilities, restaurants, night clubs, spectacular landscapes and plenty of amenities for children. You'll find all this, and much more, in hotels, campsites, villas and apartments of Laguna Poreč. Have a dream holiday in [Poreč](#), get to know [Istria](#), fall in love with [Croatia](#).
