10. TEAMS COMPETITION

- a) Only competitors registered in the Individual Tournament **III JUDO MASTERS CUP GLIWICE** are granted a right to take part in the Team Competition.
- b) the team tournament will be held in four weight categories **-73kg, -81kg, -90kg, +90kg**, without division into age and training level (veteran and amateur),
- c) the registered team can count:
 - minimum: 4 members to have a representative in each weight category, of which 1 member may be from another club,
 - maximum: 8 members, of which 2 members can be from other clubs,
 - only one competitor selected from another club can compete in a given match

Sample teams compositions:

- I) team can consist of **4 competitors**
(4 persons from one club)
or (3 persons from one club + 1 person chosen from another club).
- II) team can consist of e.g. **5 competitors**, in such case: (5 persons from one club),
or (4 persons from one club + 1 person selected from another club). or (3 persons from one club + 2 persons selected from other clubs).
- III) team can consist e.g. **6 competitors**, in such case: (6 persons from one club),
or (5 persons from one club + 1 person selected from another club). or (4 persons from one club + 2 persons selected from other clubs).
- IV) team can consist of e.g. 7 competitors, in such case:

or (7 persons from one club + 1 person selected from another club). or (6 person from one club + 2 persons selected from other clubs).

d) The registered competitors fight in the team tournament in the weight category in which they were registered and weighed for the individual tournament III JUDO MASTERS CUP GLIWICE. We require that in each match a given team has its representative in each of the four weight categories (failure to do so will result in a walkover in that match for the opposing team). An exception to the obligation to field competitors in each weight category in a given match is a sports injury suffered by a given competitor in a previously played match of the team tournament. An injury suffered by a given competitor does not affect the principle that only one competitor selected from another club may fight in a given match.

e) The winning match is decided solely by the number of fights won by a given team (not points for techniques performed assessed by judges as ippon or waza-ari). In a team tournament, the fight lasts 3 minutes. A fight that ends in a points draw or no points in the regular time ends with no winner in that fight (no overtime), regardless of the penalties received by the competitors in that fight: 1x shido or 2x shido. In the event that there is a final draw in the number of fights won in a given match, e.g. 2:2 (or 1:1, or 0:0 /four draws/), the winner of the match is decided by an additional fight in a randomly selected weight category of competitors who previously fought each other in that match, this fight is held until a winner is determined (golden score - no time limit).

f) The team lineups for a given match are announced by the coach or team captain immediately before the match.

g) The format of the team tournament will depend on the number of registered teams..
